OCT 24 2013

Valley Telecommunications Cooperative Association, Inc. FCC Mail RoomFunctionality in Emergency SituationsBack-Up Power

Nortel CS1500 in Herreid and (5) Nortel DMS10 in other exchanges. Calix C7 equipment has replaced (3) Nortel DMS10's in 3 other exchanges as facilities have been upgraded to FTTP. All switches have battery backup that would power the switch for approximately 24 to 48 hours. However, Valley also has generator backup in each of their exchanges to recharge the batteries which is fed by propane for continuous usage. All cabinets have been replaced with Calix equipment in the field which is powered by the ONT. The NIDS have been replaced where the FTTP has been upgraded with ONT's. An ONT will keep its power up to 8 hours but also depends on the use from the subscriber. If a subscriber doesn't have their own generator backup, then they would have no service after 8 hours; but if they have a generator, their service wouldn't be interrupted. If an ONT loses its power, broadband and video services automatically turn off, preserving the power for telephone in case the subscriber needs to make an emergency call.

Rerouting of Traffic around Damaged Facilities

Valley has its own redundant ring throughout its exchanges. If a fiber is cut, all traffic including interexchange traffic can be rerouted. Valley has access to SDN's redundant ring so service should not be down for a long extended period of time.

Traffic Spikes

With approximately 3,050 access lines, the Nortel CS1500 has plenty of capacity to handle the number of subscribers. The switch is set up with unlimited EAS trunks and 144 toll trunks. Sporadic traffic spikes have never been an issue for Valley.

Lifeline Terms and Conditions

Valley Telecommunications Cooperative Association, Inc. (the "Company") offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Lifeline Program Eligibility Information**Program Based Eligibility**

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service

The Company's Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. The Company's Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, Toll blocking is available to eligible consumers at no cost.

Rates

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by the Company. Advertised rates do not include any applicable taxes or surcharges.

Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

Additional Lifeline Program Information

The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.
